

ORCA — INTO THE BLUE

[Intro]

Into the blue

Into the future

ORCA

We move as one

Prediction markets

Powered by intelligence

This is where the future begins

[Verse 1]

Every signal, every moment

Every market moving fast

AI Agent watching twenty-four seven

Turning data into paths

Across the markets, across the world

Finding where the prices move

Cross-Market Arbitrage

Agentic Execution

ORCA sees the opportunity

[Pre-Chorus]

No borders in the ocean

No limits in our sight

Intelligence is moving

And we move at the speed of light

Builders coming together

From every city, every shore

Global Community rising

And we're ready for more

[Chorus]

ORCA, ORCA

We're moving into the blue

AI Capital Market

A whole new world coming through

ORCA, ORCA

From one market to them all

\$iORCA keeps the ecosystem moving

Together we rise, together we build

One dollar is the beginning

Thirty-two is the starting point

From the ocean to the world

This is ORCA

This is our time

[Drop]

OR-CA

AI Agent

OR-CA

Agentic Execution

Prediction Markets

Cross-Market Arbitrage

\$iORCA

We move, we move

One dollar — beginning

Thirty-two — starting point

ORCA

Into the blue

[Verse 2]

Bonding Curve keeps moving forward

Demand written into code

From intelligence to execution

Every signal finds a road

Orca Market bringing markets together

Orca Oracle pricing truth

Orca Crypto Card in your pocket

Connecting every world to you

From traders into builders

From builders into leaders

From local into global

The movement grows deeper

[Pre-Chorus 2]

Super Leaders on the frontline
Communities side by side
Expansion across the nations
One ecosystem worldwide
Build it in Tokyo
Build it in Dubai
Build it from Asia
To the other side
Every new connection
Makes the network come alive

[Chorus]
